

DECLARATION OF AUTHORITY AND ASSIGNMENT OF RIGHTS

The Editorial Directorate of SANUM magazine reminds the authors of the manuscript submitted that its content must be original and unpublished, and that it has not been previously published in another magazine or support. Works previously presented in Congresses or conferences, or as abstract summaries of these events, are accepted, provided that their structure adapts to the structure proposed in the magazine for the presentation of manuscripts.

The signatory authors of the manuscript must be the same who have contributed to the project in the idea, realization and development, as well as to obtain the data, the interpretation of the results, their writing and bibliographic review.

The correspondence author will be in charge of filling in this declaration and providing the original signatures of all the authors of the manuscript, sending this original document to the address indicated at the end of this form.

This form must be attached, duly completed, when the manuscript is accepted by the editorial board of the journal.

WORK TITLE

DECLARATION OF ORIGINALITY AND UNEDITED WORK CHARACTER (mark all options with a X)

- This work is original and unpublished, has not been sent or will be sent to another magazine or support for publication, unless rejected by SANUM.
- None of the data presented in this manuscript has been plagiarized, invented, manipulated or covert. The original data are clearly distinguished from those already published.
- Se muestran y citan las fuentes originales de la información incluida en el manuscrito, así como los supuestos y los datos procedentes de otros trabajos previamente publicados.
- The original sources of the information included in the manuscript are shown and cited, as well as the assumptions and data from other previously published works.
- The consent of those who have contributed unpublished data obtained through verbal or written communication has been obtained, and such communication and authorship are duly identified.

DECLARATION OF TRANSPARENCY AND AUTHORITY (mark all options with a X)

- All authors who sign this document have participated in the organization, design and realization, as well as in the interpretation of the results. They also critically reviewed the work, approved its final version and agree with its publication in the SANUM magazine.
- No signature of author of the work has been omitted and the criteria of scientific authorship are met.

INTEGRITY OF RESEARCH AND INTERPRETATION OF RESULTS (mark all options with a X)

- All signatories of the manuscript have avoided making mistakes in their design, presentation of the results and in their scientific interpretation. In the event that errors or defects in the article are detected, before or after publication, they will immediately notify the magazine through a letter to the address of the article indicating them, their retraction and changes to be made.
- The results of this study have been interpreted objectively. Any result contrary to the point of view of those who sign is exposed and discussed in the manuscript.

SOURCES OF FINANCING AND ACKNOWLEDGMENTS (mark the necessary options with an X)

- All sources of funding granted for this study are recorded, indicating in a concise manner the funding agency (s) and the identification code. This information appears in its corresponding section in the manuscript.
- The work has not had ANY SOURCE OF FINANCING of institution or entity, or any other particular source. This information appears in its corresponding section in the manuscript.
- In thanks, people are mentioned who, having collaborated in the elaboration of the work, are not listed as authors nor are they responsible for the preparation of the manuscript. This information appears in its corresponding section in the manuscript.

CONFLICT OF INTERESTS (mark if necessary with an X)

- The authors notify of any commercial, financial or private link with people or institutions that may have interests related to the proposed work. This information appears in its corresponding section in the manuscript.
- The authors declare that there is NO CONFLICT OF INTEREST with other persons or entities. This information appears in its corresponding section in the manuscript.

ASSIGNMENT OF COPYRIGHT (mark all options with a X)

- I consent / consent to assign all the rights of the proposed work, including copyright and electronic assignment exclusively to FeSP-UGT / Andalucía, in all areas and places, once it is accepted for publication in the scientific journal- SANUM, within the terms and conditions established and also previously accepted.
- FeSP-UGT / Andalucía is authorized to make use of published work without limits. The author / authors specifically gives FeSP-UGT / Andalucía all the rights of the work, and this organization is also empowered to change, adjust the contents, transform the work into whatever is necessary to adapt it to the format used in the Publication in any media. Also to integrate it into the public access database, add watermarks or any other type of security; configure it on any support for incorporation into the FeSP-UGT / Andalusia database, including the right of integration into its servers.
- SELF-FILE:** The authors of the article must inform the Editorial Board of the magazine of the inclusion of the article in any national and / or international repository, both in pre-print, post-print or in final PDF-print.

- The author assigns the rights to SANUM to archive his work in a **thematic Repository**, without changing the content, migrating the archived work (the file or collection of files that compose it and the metadata associated with it) to any medium or format for preservation purposes.
- The author also agrees that the **SANUM magazine Repository** may keep more than one copy of this archived work (of the file or collection of files that compose it) for backup and preservation purposes.
- The **SANUM Magazine Repository** will clearly identify the name of the author or authors or owner (s) of the work submitted, and will not make any alteration, other than that allowed by this license, for the archived work.
